8.0 Accessible Customer Service

The Wilfrid Laurier University Students' Union (the Students' Union) is committed to achieving barrier free accessibility for persons with disabilities who are attending their programs or utilizing their services.

The Students' Union is committed to accessibility as expressed in the Accessibility for Ontarians with Disabilities Act (AODA).

Under this legislation, the Students' Union has a legal obligation to achieve accessibility for Ontarians with disabilities with respect to goods, services, facilities, accommodation,

employment, buildings, structures and premises.

The Students' Union complies with all applicable federal, provincial and municipal legislation on accessibility in partnership with Wilfrid Laurier University.

The Students' Union will have an Accessibility Plan which will establish targets and goals towards improving accessibility and will monitor and report regularly on the implementation the Accessibility Plan.

These accessibility policies apply to the entire Students' Union community, including staff, volunteers, contractors and visitors or guests.

The full definition of disability, as stated in the Ontario Human Rights Code, is:

- a) any degree of physical disability, infirmity, malformation or disfigurement that is caused by bodily injury, birth defect or illness and includes diabetes mellitus, epilepsy, a brain injury, any degree of paralysis, amputation, lack of physical coordination, blindness or visual impediment, deafness or hearing impediment, muteness or speech impediment, or physical reliance on a guide dog or other animal or on a wheelchair or other remedial appliance or device;
- b) a condition of mental impairment or a development disability;
- c) a learning disability, or dysfunction in one or more of the processes involved in understanding or using symbols or spoken language;
- d) a mental disorder; or
- e) an injury or disability for which benefits were claimed or received under the insurance plan established under the Workplace Safety and Insurance Act, 1997.

8.1 Accessible Customer Service Policy

Persons with disabilities are permitted to use their own personal supports to access goods and services offered by the Students' Union. Personal supports include personal assistive devices; service animals and support persons.

Persons with disabilities and the public will be notified by Wilfrid Laurier University of any service disruptions which may affect access to goods and services on campus.

(1) Communication

The Students' Union will strive to communicate with persons with disabilities in ways that take into account their disability. This means the University will communicate in a means that enables persons with disabilities to communicate effectively for purposes of using, receiving and

requesting Wilfrid Laurier University's goods, services and facilities.

(2) Assistive devices

Persons with disabilities are permitted to use personal assistive devices to access goods and services offered by the Students' Union.

An assistive device is any device that is used, designed, made or adapted to assist a person in performing a particular task. Assistive devices enable persons with disabilities to do everyday tasks such as moving, communicating, reading or lifting.

Examples of assistive devices include, but are not limited to the following:

- Wheelchairs
- Canes
- Walkers
- Assistive listening devices (FM systems)
- Laptops with screen-reading software or communicating cap abilities
- Smart phones (i.e. wireless handheld devices)
- Hearing aids
- Global positioning system (GPS) devices
- Digital audio players
- Teletypewriters (TTY)
- Portable oxygen tanks
- Personal digital assistants
- Communication devices, such as voice-output systems or pictures/symbols

The Students' Union Assistive believes that devices are permitted in all areas of Laurier to which students, staff, faculty and the public normally have access

(3) Service Animals

Persons with disabilities are permitted to use service animals to access goods and services offered by the Students' Union.

A service animal is any guide dog or animal individually trained to assist a person with a disability. An animal is a service animal if it is readily apparent that the animal is used by a person for reasons relating to his or her disability or if the person has a letter from a physician verifying that the animal is required for reasons relating to his or her disability.

Service animals are permitted in all areas of the Students' Union premises to which students, staff, faculty and the public normally have access.

There are only a few exceptions where a service animal would be excluded by law, as in these

examples.

- The Health Protection and Promotion Act(1990) does not allow animals in places where food is manufactured, prepared, processed, handled, served, displayed, stored, sold or offered for sale.

However, the Act does contain specific exemptions for service dogs only, allowing them to accompany their owners into areas where food is normally served, sold or offered for sale.

- Should municipal by-laws restrict certain breeds of animals or dogs from the municipality and these by-laws apply even if the animal is acting as a service animal.
In unique situations where the presence of the animal presents a significant risk for another person (e.g. severe allergies), the university is required to meet the needs of both persons in these situations and must devise an accommodation plan that enables both persons to access services and goods accordingly.

(4) Support Persons

Persons with disabilities are permitted to use support persons to access goods and services offered by the Students' Union. When a support person accompanies a person with a disability to a Students' Union event for which there is an admission fee, ***the support person will not be charged admission.***

A support person is someone either hired or chosen to help a person with a disability. A support person can be a personal support worker, a volunteer, a family member or spouse or a friend of the person with the disability. The Students' Union believes that a support person, in some cases, does not necessarily need to have special training or qualifications.

Support persons may provide one or more types of assistance.

- Transportation
- Guiding a person with a vision loss
- Adaptive communication (e.g., Intervener for someone who is deaf/blind)
- Interpretation (e.g., ASL/English interpreter, LSQ/French interpreter)
- Note-taking, scribe or reading services (usually coordinated by disability or library services offices)
- Personal care assistance
- Support persons in the event of a seizure (e.g., protect from falls)
- Interpret and speak on behalf of someone with a speech disability
